

Dr. Presley Elected as Chairperson of Editorial Board of Journal of Vector Ecology

Journal of Vector Ecology

Journal of the Society for Vector Ecology

The JVE is the peer-reviewed professional journal of the Society for Vector Ecology which is a professional organization committed to solving many complex problems encountered in the field of vector biology and control. Among these are the suppression of nuisance organisms and disease vectors through integration of control elements, such as environmental management, biological control, public education, and appropriate chemical control technology. Dr. Presley also serves on the Society's Board of Directors as the Director for the South Central United States.
